# SHORT TAPE MEASURES

## TOGGLE SERIES

### PGT\_V 19 SKUs, 10 LENGTHS

This high-visibility, Keson-Orange series of tape measures features a toggle locking mechanism. The bright orange color makes these tapes easy to locate. All blades are nylon coated for longer life and abrasion resistance. This style remains a classic and is among our most popular. That is why we offer all of our unit options in this style. We even have 3 lengths (our FD sub-series) that break inches out in fractions on one edge of the blade and in decimals on the other edge (see blade B7).

**HV** PGT1825V

**HV** = High Visibility Option

- Nylon-coating extends life of the blade
- No-grip case design is simple to hold and slides easily in and out of any containers: tool buckets, bags, leather sheathes, even pockets.
- High-impact, high-visibility, Keson-Orange ABS case protects the blade and stands up to heavy use
