

JLX® Horizontal/Vertical Tracking Rotary System with GreenBrite® Technology

Model #: 40-6590
UPC: 049448065905
MSRP:

Level Up® to a tracking rotary. Simplify long-distance layout work and turn a two person job into a single person job. Set reference lines with ease, work indoors or outdoors. With the 40-6590 tracking rotary, you'll get everything you need to level your jobsite, both indoors and out, including a tripod, grade rod, vertical floor mount, detector, and remote control.

PRODUCT DETAILS

40-6590 Includes > NiMH battery and charger, 4 "C" alkaline battery compartment (batteries not included), detector with clamp and 4 "AA" alkaline batteries, remote control with 2 "AA" alkaline batteries, tinted glasses, magnetic target, vertical bracket, 13' grade rod, tripod, instruction manual, and hard-shell carrying case

- GreenBrite® Technology - 400% more visible
- Tracks to the detector position for simple reference line layout
- Horizontal / Vertical Operation - track in either plane
- Vertical mode is ideal for layout of walls or forms
- Slope track / Slope match to 5° in both the X and Y axes
- Bright, Class 3 green beam laser is the most visible laser for indoor work
- Tilt indicator alerts operator if the laser is bumped or moved
- Includes everything to grade or level your jobsite, including a full 13' grade rod

SPECIFICATIONS

Accuracy	±3/32"/100'
Battery Life	18 hours with NiMH; 16 hours with alkaline
Center Screw Thread	5/8"-11
Dimensions	8.620 X 6.290 X 7.950
Exterior Range	Up to 1,500' diameter with detector
IP Protection Class	IP54
Laser Classification	Class III
Laser Wavelength	520nm±10nm
Leveling Method	Automatic (Electronic)
Maximum Power Output	≤5mW
Power Supply	NiMH or 4 "C" alkaline batteries
Remote Range	Up to 200' diameter with remote
Rotation Speeds	300 and 800 RPM
Scanning Modes	0°, 30°, 60°
Self-Leveling Range	±5°
Warranty	3 Year Warranty
Working Temperature	32°F-104°F

APPLICATION

Layout work including framing, drywall track, and tilt-up. Also ideal for other interior applications such as drop ceilings, wainscoting, and more. Can be used outside for grading and excavation.
