

85' Laser Distance Meter

Model #: LDM85

UPC: 049448536856

Laser distance meters accurately measure long distances in straight lines by using the reflectivity of a laser beam to calculate distance. The LDM85 is a pro-grade tool, measuring as far as 85', and is IP54 rated for use in dusty and rainy environments. It also features a backlit display, making it easy to read. This laser distance meter can measure length, area, volume and continuous measurements.

PRODUCT DETAILS

LDM85 Includes > Laser, 2 "AAA" alkaline batteries

- Measures where a tape measure can't
- · Backlit display for easy reading
- 4 measurement modes: Length, area, volume and continuous use
- IP54 rating

SPECIFICATIONS

Accuracy ±5/64"/85'

Battery Life 10 hours/10,000 measurements

Dimensions 3.87" x 1.37" x 0.87"

Interior Range2" - 85'IP Protection Class54Laser ClassificationClass IILaser Wavelength650nm±10nm

Maximum Power Output ≤1mW

Power Supply 2 "AAA" alkaline batteries

Warranty 2 Year Warranty

Weight 0.15 LBS Working Temperature 23°F-104°F

APPLICATION

LDMs measure where a tape measure can't! The LDM85 is useful for estimating paint or flooring measurements, measuring the heights of walls and trusses, calculating warehouse space and more!
