

CHALK LINE REELS GIANT SERIES

GIANT® CHALK LINE REELS

Our GIANT® brand is big — so it can hold a lot of string and a lot of chalk. If you're snapping dozens of lines, or need big bold lines, grab a GIANT® and make your mark. Huge Big Mouth™ opening to ease fill-up and no-leak stopper to keep it shut.

G3X / G3X100

FEATURES

- Ergonomic design to reduce wrist strain.
- “Glovable” grip for cold weather.
- Chalk Catcher on G3X100 reduces waste and keeps chalk from ending up on your clothes.

G130 / G150

FEATURES

- 130 feet or 150 feet, heavy-duty cord and pull ring.
- Holds over a pound of chalk for fewer refills.
- One-piece steel crank for long life.

G100 / G110 / G140FL

FEATURES

- 100 feet or 110 feet, heavy-duty cord and pull ring.
- Hooks easily onto tool belt and holds almost a pound of chalk.
- One-piece steel crank for long life.
- **G140FL** features 140 feet of thinner line — traditionally associated with a small chalk line reel — in a GIANT®.
- **G110D** features two chalk lines reels that share a common string and no pull ring. Hold two reels on opposite sides of a concrete slab or roof and chalk up the line by winding from one box to the other.

*Most reels are available as combos with 3 pounds of Keson Chalk.

*Most reels are available with cotton string.

Limited warranty.
