

NEDO mEasure-fix
the original

Nedo mEasure-Fix

The Nedo **mEasure-fix** is a thoroughly tried-and-tested telescopic measuring stick, designed to measure the widths of openings such as windows and doors. Nedo **mEasure-fix** - the original. Simply place the **mEasure-fix** in position, pull out the extensions and read off the measurement from the analog display. A two-way spirit level attached to the outer tube facilitates taking vertical and horizontal measurements. The built-in metal measuring tape and the heavy-duty rewind mechanism are made to withstand severe stresses and to guarantee accurate measurements at all times. Nedo **mEasure-fix** is for more accurate than any tape measure since the device does not bend. Thanks to its ease of use, reliability and sturdiness, the Nedo **mEasure-fix** has become indispensable in many skilled trades, such as installing window coverings or interior outfitting.

Features:

- Sturdy telescopic measuring stick
- Housing made of impact-resistant plastic
- Bubble for horizontal and vertical alignment
- Sections made of sturdy, rectangular-profile aluminum
- Supplied with case as a standard

Nedo mEasure-fix

Ref.-No.	Measuring range	Length retracted	Graduations	Weight
