

"Rite in the Rain"®

ALL-WEATHER WRITING PAPER

June 2009

Our new patented manufacturing process is clean and pollution free. The only by-product is steam. Made from renewable wood fiber, "Rite in the Rain" is totally recyclable just like plain paper. Also, our Polydura cover material contains post-consumer recycled material. Our team recycles everything possible so our entire facility generates just one small dumpster of trash per week!

See our waterproof copy and ink-jet paper solutions on page 10!

"Weatherjet" is a synthetic stock specifically designed for ink-jet printers. The micro-porous surface absorbs the ink making a waterproof print!

"DuraCopy" is a synthetic stock made to withstand high fuser temperatures in your photocopier or laser printer. Not for ink-jet printers.
